Dear Brother & Sister

I received your letter  
and was glad to hear from  
you. and I was glad to see  
Georgie. but I didnt get to  
see <sup>her</sup> but an hour or so it  
was late when Emma  
and Georgie came and  
they went a way early.  
I think Georgie looks like she  
always did. she haunt as  
large as I thought she would  
be. I wanted her to stay  
with me and go to school  
but they would not let  
her stay here. was sorry.

that she went home so soon of course Emma had to go to learn the dress making but mama would not let me learn it. when ever I would want Emma or either to come down here they would say they could spare them but Emma can go to Okla. Well matter I was down to H. C. and seen Doc. Minor and he ask me how you was getting a long, I told him Doc. Minor thinks that he cant do any thing for me, so I am left to die or live in this horribale way life hant worth living this way and i dont want to live this

way. I am taking medicine  
our now from Doc. minor  
an in tow weeks I am  
to go down to K.C. and  
see what he can do with  
my case. I am sure he  
will say he cant cure  
it. for he as good as said  
so when I was here the  
other time. well matter  
I am going to make my  
close for wich they can  
bury me in I am going  
to comenst next week to  
make them. well I have  
had courage but now  
I have give up and my  
life is a burden to me.  
Knight after Knight I lay  
and cry it is hard to  
leave the children but

I cant stand this. you  
have no I-dea what I have  
went through with last  
summer and last winter  
all so. if it is Gods will  
that I must suffer  
and not get well I do  
hope that he will let  
me die before spring  
as I can not and will  
not live this life much  
longer. mattie excuse  
such a letter and dont let  
the children see it to put  
any thing on their mind  
for it may be my last letter  
that I will right. I do love  
the children so. as well as

of his children as he did  
of another but he said  
that his advise woud
