MACON, GA.

April 11 1925

Dear Uncle Willie;

I have gotten as much of the record as I think I can get for you and am enclosing it on a separate sheet, if you hear from Harry I would appreciate it very much if you would send me his address as I would like to write him not having heard from him in some fifteen years I suppose he must be getting quite a old man by this time as you know he has been gone some twenty years if was where Carl is I think I would go and see him as Carl lives in Tulsa Okla.

I have had to write to Mamma and some of the others for some of the dates ect. and they all want a copy of the record, I dont know what kind of form you expect to get this up in but if the expense is not too great would would like to have three copies of it, of course if it is to much I can have it copied here in letter form as that may be the way you expect to get it up anyway and let every fellow put his in the form he would like to have same, so I am going to ask you only for one copy and I will have the ones made one that I want, Nell ask in her letter if the Starr's ever had a coat of arms if they ever did I never heard of it did you but if they did and you have any way of getting it it would be nice to have it on this record, or maybe we will have to get one if we want it.

I have heard papa say that our ancestors came over from Ireland two brothers one marrying an Indian woman but we are not the decendents of the one that married the Indian but the other brother.

Wishing you much success with this record and if I can be of any furthurs assistance in the work please call on me.

Very Truly Yours.
I am your nephew.

J. H. Starr
