Dear Maidee

I received your letter two weeks ago, I would have answered it last week but was not at home the time I always write. We are all well. We are having more wet weather I dont think I ever saw as much rain in my life, it is ruining the wheat and the people cant work their corn some are not done planting yet. We went down to Mrs Brownlee's last Saturday and staid until Sunday evening had quite a pleasant trip, went whortleberry hunting Saturday evening got as many as we could eat, tell Sister Mrs Brownlee sent her love to her. Willie was delighted with his trip, he thinks it is a great thing to go to the country.

Mr Rankin is going to Gainesville to the

Picnic he wants me to go, I tell him if I
could get from there to Ingalls I would go
but I can't think of going in fifty miles
of home and not go on, it will only cost
me four dollars from here to Gainesville

sometimes I have a good notion to try
it any way. I will send you an obituary
I got out of the Southern Christian Advocate
printed in Macon. I suppose it is the same
one that taught school at your Pa's, though
I had never heard about her marrying.

I must close as I can't think of anything
to write, tell Callie Bette I will answer her
letter in a few days, ever love to all

Your sister
